Granite Base Stand

Over the years the pursuit for higher standards has lead modern industry to perform more rigorous inspections of their products. NOGA Granite Base Stands provide an easy, accurate and reliable way for you to inspect your products.

NOGA Granite Base Stands are made with high quality hardened granite which provide you with:

- High precision and stability, resistant to distortion, and guarantees accuracy
- No rust or anticorrosion – no need of special maintenance
- Wear resistant - provides you with a long service life
- Non magnetic material
- Flatness $\leq 3 \mu\text{m}$ – Standard DIN 876 Grade 00

NOGA Granite Base Stands come with two options. The first option comes with a choice of NOGA Articulated Holders and the second also comes with a selection NOGA PH (Post Holders). Both options have the fine adjustment on top (FAT) with universal swivel clamp.

Granite Base Stand

NOGA Granite Base Stand and articulated holders with fine adjustment on top.

NOGA Granite Base Stands are made with high quality and hardened granite. Due to its stability and ease of use, NOGA's articulated holders have become the most sought-after in the industry.

- Solid 3D articulated holder with central locking system with NOGA designed spring loaded bearing mechanism.
- Fine adjustment on top with universal swivel clamp.
- Holds 6mm, 8mm, 3/8" and dovetail.
- Fast and easy to set up gauges into required position.
- Black finished arms.
